

What Participants Say about Leadership South Shore . . .

“Leadership South Shore has been such an eye-opening and profound experience . . . The experience has allowed me to grow in: awareness, appreciation and commitment to the South Shore community at large. The cohort is amazing and the lessons learned priceless, but my greatest realization was the importance of connecting with others to bring about sustainable social justice and meaningful change. The program impacts different people in different ways and that speaks to the richness of the curriculum and the fact that EVERYONE in this program will have a unique takeaway.”

“Leadership South Shore has been a tremendous opportunity to not only meet influential and dedicated leaders in the area, but to learn about amazing services and resources in our South Shore communities. From the bus rides and the diverse panel discussions, to the quiet reflection in our journals and everything in between, the curriculum brings together a wealth of leaders and influencers in a unique and effective forum”

“Being involved with Leadership South Shore has been an enriching experience for me both personally and professionally, helping to expand my perspective of the South Shore and all that it has to offer. More importantly, it’s been a true pleasure to work alongside the cohort – a motivated group of difference makers who provoke thoughtful discussion, put ideas into action, and are helping our community to thrive.”

“Leadership South Shore has been one of the best experiences of my professional career. As someone who relocated to the South Shore it’s helped me learn about vital factors in the local economy and population, as well as meet with key influencers and decision makers in the area. Hands down the best part is meeting with other leaders within our cohort group, it’s wonderful to get to know others who are passionate about giving back to the area in which we live. I can’t thank South Shore Bank and the South Shore Chamber enough for hosting this amazing program.”

“My experience with South Shore Bank’s Leadership South Shore program has been far more than I expected. I find myself through the presentation of the program and through my peers in the program looking at businesses and organizations here on the south shore with more intent and understanding and more passion than I had previously. This program gives the participants insight and thought provoking experiences that can and will benefit the community as a whole.”

“The Leadership South Shore program has been an incredible experience for me. This opportunity has been more than I would have ever expected. The knowledge and awareness I am gaining about some of the daily accomplishments, missions and struggles of companies and individuals in the South Shore community that I live and work in is beyond impressive. I feel so enlightened, energized and proud to spread the information that I am learning to others in my community so they can feel the same sense of true “community”. There are so many people working so hard to improve the quality of life for so many. The present cohorts and alumni have been an added benefit for increasing my contacts and colleagues in the South Shore Community. “
